Position Task Book Overview

The Position Task Book (PTB) documents the performance criteria a candidate must meet to be certified for a position within the Arizona Qualification System (AQS). The performance criteria are associated with core NIMS NQS EOC Skill Sets and NQS PTB competencies, behaviors, and tasks. This PTB covers relevant positions within all 3 EOC structures (ICS-Like, Incident Support Model and Departmental Structure).

A candidate may not work on multiple position type PTBs for a specific position at the same time; for example, a candidate may not simultaneously work on a Type 1 Incident Commander PTB and a Type 2 Incident Commander PTB. If a position has multiple types, the candidate must, in most cases, qualify at the lowest type before pursuing the next higher type. For example, before seeking qualification for a Type 1 position, an individual must first qualify at the Type 3 level and then at the Type 2 level.

Evaluation Process

- Evaluators observe and review a candidate's completion of PTB tasks, initialing and dating each successfully completed task in the PTB.
- Evaluators complete an Evaluation Record Form after each evaluation period by documenting the candidate's performance.
- The Authority Having Jurisdiction (AHJ) may not have enough resources to ensure that every evaluator is qualified in the position being assessed. Therefore, a candidate's supervisor may evaluate the completion of PTB tasks. For example, a Logistics Section Chief has the authority to sign off on completed PTB tasks for a Food Unit Leader candidate.
- The final evaluator is a leader who verifies that a candidate has completed the PTB and met all requirements for the position. A final evaluator is generally qualified in the same position for which the candidate is applying. When possible, the evaluator and the final evaluator should not be the same person, but in situations with limited resources, the evaluator can also serve as the final evaluator.
- Once the final evaluator has completed the Final Evaluator Verification, it is forwarded to the Quality Control Officer (QCO) at DEMA along with supporting evidence that the candidate has completed all position requirements. The QCO will put the PTB and all sent documents on the QRB calendar. The QRB review will make it's recommendation to the AHJs CO. The CO in all cases will make the final determination for certification.
- After the QRB review, the AHJ Certifying Officer completes the Documentation of Agency Certification form as appropriate. That form is sent to the QCO who will issue an Arizona Gold Card credential for that individual. The Gold Card will only be issued if the QRB gave a positive recommendation.

Transferring Qualifications

- Personnel who have documentation of previous education, training, or significant on-the-job incident experience may receive credit toward qualification for a given position Each AHJ will establish their requirements for this, usually on a case by case basis. Each AHJ establishes the requirements for transferring qualifications from another AHJ.
- If an AHJ chooses not to accept a candidate's existing certification of qualification, the candidate may be reevaluated in the specific position and issued a new PTB.
- An individual may hold multiple qualifications, such as Final Evaluator, and also hold one or more PTB credentials.
- In all cases to receive Gold Card a AQS PTB will be completed by the individual and forwarded through the AHJs CO to the QCO to be put on the schedule for a review by the QRB.

Training Requirements

Mandatory Classes:

The following SHOULD be completed before initiation of a Position Task Book:

IS-100: Introduction to the Incident Command System (ICS)
IS-200: Basic Incident Command System for Initial Response
IS-703.B: National Incident Management System Resource Management
IS-700: NIMS: An Introduction
IS-800: National Response Framework: An Introduction
IS-2200: Basic Emergency Operations Center Functions (also IS-775)
IS-922 Applications of GIS for Emergency Management

Foundational Classes:

Foundational Classes are a requirement for certification and credentialing. Foundational classes can be completed simultaneously while working through your PTB. Below are the required Foundational Classes:

ICS-300: Intermediate Incident Command System
IS-313: Basic Hazus Multi-Hazard
ICS-400: Advanced Incident Command System
G-191: ICS/ Emergency Operations Center Interface
G-2300: Intermediate Emergency Operations Center Functions
Formal or informal training consistent with GIS industry standard certification or educational programs, including:

1. Geospatial database management
2. Editing and managing GIS resources
3. Creating and executing GIS queries
4. Use of scripting applications
5. Acquisition and use of remote sensing products

1. Completion of GIS industry-standard certification program or equivalent
2. Maintains currency in the use and application of the latest GIS technology - certifications used in the industry

All the above classes need to be completed with evidence for the QRB

Position Task Book Competencies, Behaviors, and Tasks

The PTB sets minimum criteria for certification for a position. The AHJ has the authority to add content to the baseline PTB competencies, behaviors, and tasks as necessary.

The PTB covers all type levels for a given position, but a candidate may check only one “Type” box and work on only one type at a time. (The National Incident Management System (NIMS) Job Title/ Position Qualifications document describes all types.)

Command and General Staff job titles/positions qualifications are typed based on incident complexity, while all other NIMS positions are typed based on the minimum qualifications.

Definitions

Competency: An observable, measurable pattern of knowledge, skills, abilities, and other characteristics an individual needs to perform an activity and its associated tasks. A competency specifies the skillset a person needs to possess to complete the tasks successfully.

Behavior: An observable work activity or a group of similar tasks necessary to perform the activity.

Task: A specific, demonstrable action necessary for successful performance in a position. Candidates must demonstrate completion of required tasks.

- Occasionally, PTB tasks are unique to one of the types; for example, certain tasks apply only to a Type 3 Incident Commander, not to a Type 2 or Type 1 Incident Commander. In those cases, the PTB indicates the corresponding type at the beginning of the task.
- **All tasks require evaluation. Bulleted statements within a task are only examples and do not need to be performed to have a task signed off.**

PTB Task Codes

Each task in the PTB model has at least one corresponding code conveying the circumstances in which the candidate can perform the task for evaluation. Evaluators may assess candidates during incidents, in classroom simulations and training sessions, in functional and full-scale exercises, and in other work situations. If a task has multiple codes, the evaluator may evaluate in ANY of those circumstances; the candidate does not need evaluation in all of the listed circumstances.

Code C: Task performed in training or classroom setting, including seminars and workshops.

Code E: Task performed during a full-scale exercise with equipment deployed under the Incident Command System (ICS).

Code F: Task performed during a functional exercise managed under the ICS.

Code I: Task performed during an incident or event managed under the ICS. Examples include oil spill, search and rescue operation, hazardous materials (hazmat) response, fire, and emergency or non-emergency (planned or unplanned) events.

Code J: Task performed as part of day-to-day job duties.

Code T: Task performed during a tabletop exercise.

How to Complete the Evaluation Record Form

Each Evaluation Record Form (see next page) covers one evaluation period. Evaluation periods may involve incidents, classroom simulations, or daily duties, depending on what the PTB recommends. The AHJ determines the number of evaluations required for jpf position qualification and certification. If evaluators need additional evaluation periods, they can copy pages from a blank PTB and attach them to the PTB in question.

Complete these items AT THE START of the evaluation period:

Evaluation Record Number: Label each evaluation record with a number to identify the incident(s), exercise(s), or event(s) during which the candidate completed the PTB tasks. The evaluator should also write this number in the PTB column labeled “Evaluation Record #” for each task performed satisfactorily. This number enables reviewers of the completed PTB to ascertain the evaluators’ qualifications before signing off on the PTB.

Evaluator’s name; Incident/office title and agency: List the name of the evaluator, his/her incident position or office title, and the evaluator’s home agency.

Evaluator’s home unit address and phone: List evaluator’s home unit address and phone number.

Name and location of incident or simulation/exercise, job function: Identify the name (if applicable) and location where the candidate performed the tasks.

Incident kind: Enter the kind of incident (such as hazmat, law enforcement, wildland fire, structural fire, search and rescue, flood, or tornado).

Complete these items AT THE END of the evaluation period:

Number and kind of resources: Enter the number of resources assigned to the incident, and their kind (such as team, personnel, and equipment) pertinent to the candidate's PTB.

Evaluation period: Enter inclusive dates of candidate evaluation. This time span may cover several small, similar incidents.

Position type: Enter position type (such as Type 3, Type 2, Type 1, or Single Type).

Recommendation: Check the appropriate line and make comments below regarding the candidate's future development needs.

Additional recommendations/comments: Provide additional recommendations and comments about candidate, as necessary.

Date: List the current date.

Evaluator’s initials: Initial here to authenticate your recommendations and to allow for comparison with initials in the PTB.

Evaluator’s relevant qualification: List your certification relevant to the candidate position you supervised.

Emergency Operations Center Skillsets

Emergency Operations Center Skillsets have many tasks that are interchangeable with the tasks on the previous pages. Duplicated tasks have been grayed out. All remaining tasks must be completed.

Duplicated tasks are kept in this PTB as evidence supporting the collaboration and alignment with the FEMA EOC Skillsets. These requirements have been met through the completion of previous tasks within this PTB.

NOTE:

Grayed out tasks are marked in the Evaluator Record # and Initials/Date Column.
